

LXJS Sponsorship Packages

LXJS (<http://lxjs.org>) is a two days community run conference in Lisbon, Portugal. The event will take place on the 28th and 29th of September and will feature some of the best and brightest javascript minds, both from node.js and front end javascript.

There will be about 150 attendees, and the event will be live streamed on the internet. We expect to sell out soon after publicizing the event.

Sponsorships are limited. The only goal is to provide speakers the ease of only worrying about their talks and guests a great time, great coffee, and great food. As soon as we feel we have assured that we won't take any more sponsors.

As a brand you can feel assured that you will get lots of positive exposure as sponsorships are limited. If you are a sponsor lanyards are available for no extra cost than producing them.

Inquiries

Please send all sponsorship related inquiries to Nuno Job (nuno@nodejitsu.com).

We are open to most creative ideas, we want to help you promote your brand in a way that makes sense. E.g. if you are twilio a SMS and phone call service for the conference attendees is a great idea, if you run a invite only start-up giving coupon code to try your service is something attendees will probably like. If you work for VoltDB maybe you want to sponsor our lightning talk section where people show their open source projects in ten minutes.

We think of sponsors as partners, we are trying to make a great experience for all attendees. We want you to be part of that and your brand to get a positive and natural exposure.

Schwag

If you are sponsoring and want to give away any kind of schwag at the event please mail it ahead of time to:

Luis Reis
Cowork Lisboa, LX Factory
Rua Rodrigues Faria, 103 Edifício, 4º Piso
